IMPORTANT:

1. Ensure your eligibility by checking: smartenergy.uamps.com or call: 1-888-365-1558. Applications will be handled on a first-come, first-served basis until program funds are depleted.
2. Purchase a qualified product from a qualified dealer. For questions about what products and dealers qualify, please visit: smartenergy.uamps.com.
3. Complete all of the information requested on this form. Incomplete forms will be returned.
4. Review and sign the acceptance of terms. Make a copy for your records.
5. Mail completed form with a copy of an itemized sales receipt or invoice, cooling load calculation (if applicable) and Proper Installation Form (if applicable) to: **Cool Cash Incentive Program Administrator, 155 North 400 West, Suite 480, Salt Lake City, Utah 84103**

SECTION 1 - CUSTOMER INFORMATION (required for all applications)

Electric Energy Partner (Utility):

Your Account Number:

Name: _____ Daytime Phone: _____

Installation Address: _____ City _____ State _____ Zip _____

Mailing Address: _____ City _____ State _____ Zip _____

Please select one (1) option from each row:

- | | | | | | |
|----------------------------|--|--|--|--|--|
| Customer type | <input type="checkbox"/> Homeowner | <input type="checkbox"/> Tenant | <input type="checkbox"/> Builder | <input type="checkbox"/> Landlord | <input type="checkbox"/> Other |
| Dwelling size | <input type="checkbox"/> < 1,000 sq ft | <input type="checkbox"/> 1,000-1,499 sq ft | <input type="checkbox"/> 1,500-1,999 sq ft | <input type="checkbox"/> 2,000-2,500 sq ft | <input type="checkbox"/> > 2,500 sq ft |
| Existing cooling equipment | Quantity _____ | <input type="checkbox"/> Central A/C | <input type="checkbox"/> Evaporative | <input type="checkbox"/> Window | <input type="checkbox"/> Other |

SECTION 2 - SELECT INCENTIVE(S) FOR WHICH YOU ARE APPLYING (required for all applications)

- 15+, 17+, 20+ SEER and 12.5+ EER equipment incentive (complete Sections 3 and 4 below)
- Properly sized air conditioning incentive (complete Sections 3 and 4 below and attach a copy of load calculation)
- Proper air conditioning installation incentive (complete Sections 3 and 4 below and attach a copy of Proper Installation Form)

NOTE: Incentive amounts will be paid for qualifying applications as stated on the back of this application.

SECTION 3 - CENTRAL AIR CONDITIONING EQUIPMENT INFORMATION (required for all applications)

Dealer ID #:		Coil Model #:	
Manufacturer:		Furnace model #: (if applicable)	
ARI reference #:		Cooling capacity: (Btu/h)	
SEER:	EER:	Purchase date:	Installation date:
Condenser model #:		Calculated cooling load: (if applicable) (Btu/h)	
Condenser serial #:		Thermal expansion valve installed:	Yes <input type="checkbox"/>

SECTION 4 - CUSTOMER ACCEPTANCE OF TERMS (required for all applications)

I hereby certify that all information is accurate including claims of customer and equipment information. I have read all terms on this form (front and back) and acknowledge that UAMPS or the energy partner may verify all the information provided.

Signature (required)

Date

NOTE: Applications need to be complete. Please make sure you check the following:

- | | |
|---|--|
| <input type="checkbox"/> Included a copy of the dated sales receipt/invoice | <input type="checkbox"/> Complete all sections above |
| <input type="checkbox"/> Included a copy of load calculations (if applicable) | <input type="checkbox"/> Included a completed Proper Installation Form (if applicable) |
| <input type="checkbox"/> Included the ARI reference number | <input type="checkbox"/> Included your energy partner electric account number |
| <input type="checkbox"/> Included all applicable equipment information | <input type="checkbox"/> Signed and dated the application |

Keep a copy for your records. Mail the completed form within 90 days of purchase or installation to:

Cool Cash Incentive Program Administrator, 155 North 400 West, Suite 480, Salt Lake City, Utah 84103
Phone: 888-365-1558 – Fax: 801-561-2687

Your incentive check will be issued within 45 days of receipt of your completed and approved incentive application.

Qualifying Customers

Residential electric customers who purchase their electricity from a UAMPS participating energy partner are eligible to participate in the Cool Cash Incentive program.

Qualifying Equipment

Qualifying equipment for the 15+, 17+, 20+ SEER/12.5+ EER central air conditioning equipment incentive must meet the requirements outlined below. Window air conditioning units, packaged terminal units and heat pumps are not eligible for incentives under the Cool Cash Incentive program.

To qualify for the proper installation incentive, documentation of a properly installed unit must be provided by the participating dealer, and the central air conditioning unit must be installed according to the requirements provided in the Cool Cash Incentive Program Manual for participating dealers. Requirements include equipment installation and completion of UAMPS' Proper Installation Form by an individual certified by North American Technician Excellence (NATE) in air conditioning installation.

Additional incentives are available for equipment properly sized to match the calculated cooling load of the residence where it is installed. Installed equipment is considered properly sized when it is within one-half ton (6,000 Btu/hr) of the calculated cooling load as determined using the Air Conditioning Contractors of America (ACCA) Manual J sizing procedure. The size of the installed unit will be the standard capacity rating as reported in the current Air Conditioning and Refrigeration Institute directory of unitary equipment. Your participating energy partner specifically requires the use of the following summer design conditions when calculating the cooling load:

- Minimum Design Indoor Dry Bulb Temperature: 75 °F**
- Summer Air Change Per Hour (ACH)**
- Maximum Indoor Relative Humidity: 55%**
- Maximum Design Outdoor Dry Bulb Temperature**

Summer Air Change Per Hour (ACH)

City	°F	City	°F
Vernal	89	Provo	96
Salt Lake City	95	Moab	98
Cedar City, Logan, Ogden, Price, Richfield	91	St. George	101

Building Age	ACH envelope	ACH Fireplace
≤ 2years	0.2	0.05
2 < Age ≤ 11	0.4	0.10
≥ 11 years	0.5	0.20

Additional Incentives Requirements

15+, 17+, 20+ SEER and 12.5+ EER equipment Incentive	Properly sized AC Incentive	Proper AC Installation Incentive	Incentive requirements
X	X	X	Equipment must be a new air-source split or packaged unitary air conditioner with an Air Conditioning and Refrigeration Institute (ARI) Standard Rating Cooling Capacity of 65,000 Btu/hr (5.4 ton) or less.
X	X	X	Split-system equipment must include a new matched condensing unit and new evaporator coil with an overall Seasonal Energy Efficiency Ratio (SEER) determined by ARI Standard 210/240 and listed in the ARI Certified Directory of Unitary Equipment The directory can be found online at: www.aridirectory.org
X			The SEER and EER rating of installed equipment must meet or exceed 15 SEER and 12.5 EER as determined by ARI Standard 210/240
X	X	X	Equipment must be purchased from and installed by a participating dealer.
X	X	X	Equipment must be NATE certified in central air conditioner installation.
X	X	X	Equipment must contain either a factory or field-installed thermal expansion valve (TXV)

Incentive Schedule ¹

15+SEER and 12.5 + EER central AC equipment	\$100	Proper Installation	\$50
17+SEER and 12.5 + EER central AC equipment	\$150	Proper Installation	\$50
20+SEER and 12.5 + EER central AC equipment	\$300	Proper Installation	\$50
Properly sized AC equipment	\$50		

¹ Customer incentives may not be issued to the Participating Dealer who installed the system.

Application Details

UAMPS is administering this incentive program for its participating energy partners. Please reference the program website at: smartenergy.uamps.com or by calling 1-888-365-1558 to determine your eligibility. All equipment must be new and have been purchased and installed prior to submitting an incentive application. Applications must include all information requested. Incomplete applications will be returned causing delay or denial of the incentive.

UAMPS reserves the right to conduct random inspections to verify information provided on the application. If UAMPS inspects the equipment, the incentive application will not be processed until the inspection has been satisfactorily completed. UAMPS reserves the right to inspect and/or install temporary air conditioning monitoring equipment on any installation of qualifying equipment at any time up to 24 months after installation for quality control of the application or program performance evaluations. Incentive qualifications and amounts are subject to change and termination at any time. Participating energy partner's customers should visit the program website at: smartenergy.uamps.com or **contact your local dealer to determine whether program changes have occurred.**

Customer agrees to transfer to its participating energy partner all "environmental attributes" attributable to the qualifying equipment or its operation. Environmental attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by electric utility's generating facilities, through reduced generation of energy or other savings or offsets on account of the qualifying equipment or otherwise. Customer will not claim ownership of any environmental attributes.

All incentives are issued in the form of checks not utility bill credits. UAMPS and your energy partner are not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and your participating energy partner will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Incentives paid to customers are limited to two (2) per qualifying household per qualifying measure. Customers may apply for up to two (2) evaporative equipment incentives for the same measure, and up to two (2) central air conditioning equipment incentives for the same measure where such qualifying equipment is purchased and installed on the same existing residence and meets all other program requirements.
