How to receive your incentive:

1. Ensure your eligibility by checking: smartenergy.uamps.com or call: 1-888-365-1558. Applications will be handled on a first-come, first-served basis until program funds are depleted.
2. Purchase a qualified product. For questions about what products qualify, visit: smartenergy.uamps.com.
3. Complete all of the information requested on this form. Incomplete forms will be returned.
4. Review and sign the acceptance of terms. Make a copy for your records.
5. Mail completed form with a copy of an itemized receipt within 90 days of purchase or installation to: **Home Energy Savings Program, 155 North 400 West, Suite 480, Salt Lake City, Utah 84103**
**For complete details about what needs to be included in your itemized receipt, please see the back of this form.*

- Retailer/Contractor name, address and phone number.
- Itemized listing of quantity, description, manufacturer model number and other identifying information as appropriate.
- Purchase date and price.

Your incentive check will be issued within 45 days of receipt of your completed and approved incentive application.

Terms and Conditions

Incentive Availability

UAMPS is administering this incentive program for its participating energy partners. Please reference the program website at: smartenergy.uamps.com or by calling 1-888-365-1558 to determine if your electric utility is participating in the program. All equipment must be new and have been purchased and installed prior to submitting an incentive application. It is required that equipment be purchased and installed on or after January 1, 2014. Applications must include all information requested. Incomplete applications will be returned causing delay or denial of the incentive.

Qualifying Customers

Residential electric customers who purchase their electricity from a participating UAMPS energy partner qualify for this program.

Qualifying Equipment

Qualifying products may be found online at: smartenergy.uamps.com.

Application Details

UAMPS reserves the right to conduct random inspections to verify information provided on the application. If your application is selected for review, it will not be processed until the review is satisfactorily completed. Incentive qualifications and amounts are subject to change and termination at any time.

The customer hereby transfers to its electric utility all "Environmental Attributes" attributable to the Qualifying Equipment or its operation.

Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, howsoever entitled, resulting from the avoidance of the emission of any substance to the air; soil or water at or by the electric utilities generating facilities through reduced generation of energy or other savings or offsets on account of the Qualifying Equipment. The customer will not claim ownership of any Environmental Attributes.

All incentives issued are in the form of checks not utility bill credits. UAMPS and its energy partners are not responsible if your dealer provides inaccurate information about the amount and/or conditions of the actual incentive and will not pay incentives for equipment that is mislabeled or misrepresented by dealers regarding incentive qualifications. Incentives are limited to one per qualifying household per equipment type, except in the case of lighting. Please check smartenergy.uamps.com for individual limits.

Incentive applications must be submitted within 90 days of purchase or installation.

Keep a copy for your records. Mail the completed form within 90 days of purchase to:
